Snap It and Win Guidelines

Email your best high resolution photos to anna.dawbin@io.mq.edu.au with the Subject: Photo Competition

You must include where the photo was taken, as well as your:
- full name
- country of origin
- degree program
- contact phone number
- email address

Photos may be published, so they must have a minimum resolution of 300dpi. You may submit more than one photograph, with a maximum of five photographs per person.

This competition is open to Macquarie International, Study Abroad or Exchange students who are either currently enrolled in a course at Macquarie, or have completed their course within the last year.

Winners will be chosen from five categories (you do not need to specify a category for your photo):
- Life on the Macquarie campus
- Life in Sydney
- Travelling in Australia
- Most unique photograph
- Best photo overall

The best photos will have yourself, your friends, or other people in them (rather than just scenery).

Please note: By entering this competition you give permission for Macquarie University to use your photo in its promotional material. The best photos will be used in Macquarie University brochures, calendars and websites (including the Macquarie Globe), to show prospective students what life is life in Australia.

All entrants will be notified of the results, and the winners will be published in the Macquarie Globe newspaper. The competition closes on Friday, 12 May, so start snapping!
