Program Overview and Structure:

Macquarie in collaboration with the EGADE, offer EGADE students the opportunity to enrol in the Master of International Business of the Graduate Accounting and Commerce Centre. Students have to spend one year at Macquarie in order to get the degree. Macquarie University will award its degree only when EGADE notifies Macquarie that the EGADE Master of International Business has been awarded.

The program is awarded upon successful completion of eight units. A student usually takes up to four units per semester.

Information of the Master of International Business can be found in the following link:
