COURSE COMMENCES Session 1 (February), Session 2 (July)
2012 ANNUAL FEE ($AU)* $27,072

GABRIEL FEDDERSEN | MEXICO
Master of International Security Studies

“This degree is not offered in Latin America, so I think it will make me stand out to prospective employers. The lecturers at PICT are very open-minded and they push you to achieve. Particularly for international students, you examine your own cultural framework and points of view. It’s important to realise that your point of view is valid but is not necessarily the only correct answer which is one of the most valuable parts of studying overseas.”

* The fees quoted in this brochure are the estimated annual fees payable for 2012 and are subject to change. For units completed beyond 2012, students will pay the fees approved for the relevant academic year.

Who you will learn from

Julian Drogan

Associate Lecturer

Intelligence and Counter Terrorism (PICT). Julian also coordinates a series of research programs for the Council of Asian Transnational Threats Research (CATR).

“For me, teaching is about finding the inner qualities and skills that each student brings with them to postgraduate research, and then guiding them to make full advantage of their talents – often in ways they might never have expected.”

---

YANUAR ARDHITYA PRIBADI | INDONESIA
Master of Policing, Intelligence and Counter Terrorism with Master of International Security Studies

“Classes at PICT are very diverse and lively. We have students from all parts of the world, which facilitates many experiences in addition to the academic experience. We’re being introduced to different cultures, different mindsets and different perspectives, and expanding our networks. I think that is very important for individuals in this field.”

---

**ENGLISH LANGUAGE REQUIREMENTS (ALL PICT PROGRAMS):**
IELTS (Academic English only) Minimum 6.5 overall, with a minimum of 6.0 in each section. For other accepted English language qualifications, visit www.goto.mq/englrq.
The Centre for Policing, Intelligence and Counter Terrorism (PICT)

PICT operates as a high-level, cross-disciplinary centre offering postgraduate courses, expert seminars and opportunities for research in the many areas associated with security studies.

The Centre draws together senior academics and leading industry professionals specialising in research, theory and practice associated with security, protecting both the national interest and the rights of individuals and groups within society.

PICT staff have strong links with industry organisations and are drawn from both key academics in the field and leading industry authorities that provide a greater awareness of developments in areas critical to industry and government.

Study by distance

PICT programs can be studied by distance, allowing students to fit their masters level study around work and family commitments and gain a Macquarie degree from anywhere in the world. In fact, 70 per cent of PICT students are learning online.

About Macquarie University

At Macquarie, you will join a welcoming community of 35,000 students with more than 12,000 international students from over 110 countries. Ranked within the top ten universities in Australia (Shanghai Jiaotong University Rankings 2011), Macquarie University is recognised for its innovative curriculum, high-quality teaching, world-leading research and green campus environment.

Campus location and facilities

Our North Ryde campus is uniquely located in parklands only 30 minutes from Sydney’s central business district. On campus you will find modern facilities, including a state-of-the-art Sport and Aquatic Centre, private hospital, museums and hotels.

In 2011 we opened our new multi-million dollar library – a learning space like no other in Australia, featuring study lounges, a robotic document retrieval system and a cafe.

The Macquarie Centre shopping complex is on our doorstep and we have our own train station on campus, providing a direct rail link to the city centre.
