There are many good reasons why you should be considering Macquarie University for the next exciting stage of your life.

Macquarie is on track to becoming one of Australia’s and the world’s leading research universities. It’s our goal that by 2014 – our 50th anniversary – Macquarie will be among the top eight research universities in Australia and one of the top 200 in the world.

To reach our goal, we are investing heavily in research, learning and teaching, new buildings, new teaching facilities and in developing mutually beneficial relationships with industry.

Our engagement with the nearby high-tech industry corridor is expanding and we are working to attract even more industry to the campus as participants in higher education.

We have established the Australian School of Advanced Medicine, moved into high-technology engineering, and identified areas of research excellence, which means that we concentrate on distinct research fields of the highest quality.

We have recently built many excellent facilities for our students, including our Sport and Aquatic Centre, which includes two heated swimming pools as well as a gym. Next year we’ll also open our new library, which will provide some of the best learning facilities in the country.

As well as our outstanding facilities and services for international students, you’ll also find there are many cultural, social and sports activities available on our beautiful, green campus.

If you don’t find all the information you need in this guide, be sure to contact our very helpful staff.

I look forward to welcoming you to Macquarie University.

Professor Steven Schwartz
Vice-Chancellor

Your Macquarie University degree

Macquarie University is distinguished by the range and quality of its courses, which are designed in response to the ever-changing needs of industry, society and the environment.

Benefits of your Macquarie degree

Recognised as a pioneer in Australian higher education, Macquarie University is distinguished by our high-quality teaching and research, and our unique campus environment.

Studying at Macquarie University will give you a highly regarded experience that is:

- **Academically rigorous** You will learn from experts who are among the best in their field. You will also have the opportunity to collaborate with other students, undertake your own research, and learn from the research of others. Macquarie offers programs where research undertaken in the University is actively integrated into our curriculum, ensuring that your degree is relevant to twenty-first century challenges.

- **Connected** Your studies and research will be in collaboration with Australian and international industries, such as Cochlear and GE Healthcare (see opposite page for more information on these partnerships). The Macquarie University Research Park, our on-campus technology precinct, also provides opportunities for students to participate in research projects with companies located in the area.

- **Comprehensive** You will learn about the social, cultural and environmental challenges facing our world. You will also have the opportunity to attain real-world experience relevant to your field of study. You will build on your existing experiences to refine your generic, analytical and critical skills, as an autonomous and independent learner.

- **Practical** Your degree will help you get a better job. Our graduates have high employment rates and starting salaries. For more than a decade Macquarie University’s graduate starting salaries have been amongst the highest in Australia (*Good Universities Guide 1998 – 2009*). Read more about how your Macquarie University degree will help you in your career on page 44.

Research and teaching excellence

World-class graduates require world-class teachers and many of our teachers are the best in their fields. Macquarie University’s focus on excellence in research means that our students are taught by teachers who are experts in their subject area and are informed by leading research conducted at Macquarie and elsewhere.

Our teachers have been recognised nationally through the Australian Learning and Teaching Council Awards. In 2008, Macquarie staff were awarded seven Citations for Outstanding Contribution to Student Learning. One of our most outstanding teachers was awarded the Prime Minister’s University Teacher of the Year award.

Read about some of the teachers you will learn from in the faculty pages, from pages 8 to 35. To learn more about research at Macquarie University, see pages 4 to 7.

Utkarsh Saxena
India
Accounting

“I chose Macquarie because of its international reputation. In all aspects, Macquarie is a good university. It’s big, close to the city, yet still peaceful. If you want to make your name in the corporate world, come to Macquarie.”
Recent highlights at Macquarie University

Macquarie University Hospital and Australian School of Advanced Medicine
Due to open in 2010, the Macquarie University Hospital and associated Australian School of Advanced Medicine (ASAM), will complement teaching and learning at Macquarie University. As the first campus-based university hospital in Australia, it will combine excellence in clinical care, medical education and research. Macquarie University, through ASAM, has also formed a new medical alliance with GE Healthcare to tackle brain diseases, including arteriovenous malformations (AVMs). Read more about ASAM on page 21.

Cochlear global headquarters and Hearing Hub
Cochlear Limited, a global leader in implantable hearing solutions, will move to Macquarie University in 2010 and establish new research collaboration initiatives. The Cochlear global headquarters will be the only integrated research, manufacturing and distribution facility in Australia. It will provide a platform to extend existing Macquarie University postgraduate research and teaching in audiology, cognitive and language studies.

The Macquarie University Hearing Hub is also under development and will see Australia’s leading organisations bring their dedication to the hearing impaired into one central location at Macquarie University.

Building Y3A
The Faculty of Arts has now relocated two of its flagship departments; Media, Music and Cultural Studies and the Centre for Policing, Intelligence and Counter Terrorism, as well as the majority of its Higher Degree Research candidates into the newly renovated and custom-designed Y3A building, (formerly the Australian Film, Television and Radio School).

The multi-million dollar renovation and relocation offers dedicated spaces for postgraduate study and research and state-of-the-art media and recording facilities to all students and staff interested in screen production, radio broadcasting, film production, dance, contemporary music, international communications and multimedia.

Library
Scheduled to open in 2010, our new library will enrich your time on campus by providing a central library space combined with learning, research and social spaces. You will have access to a wide range of specialised research collections, general study materials, and online journals and newspaper articles. Built over five levels, key features of the library will include a 24-hour learning lounge, quiet study areas, meeting rooms, Australia’s first automated document storage and retrieval system (which incorporates the use of robots) and a café.

Designed for environmental sustainability, the new library is on track to receive the Green Building Council of Australia’s 5-star rating.
Research at Macquarie University

Macquarie’s focus on excellence in research means that you will be taught by world-class teachers who are among the best in their fields.

World-leading research is undertaken by Macquarie University’s faculty and students, and many discoveries are quickly applied to meet the needs of industry, society and the environment.

As well as opportunities to undertake postgraduate coursework degrees, Macquarie University is a leader in providing unique research opportunities.

The University has 18 Concentrations of Research Excellence (COREs), which are outlined on the following pages.

To view pathways to higher research degrees see page 7.

Scholarships

There are generous scholarships available for research at Macquarie University in key areas of research excellence. For more information visit www.hdr.mq.edu.au/information_about/scholarships

Cotutelle (Joint PhD Supervision)

In addition to the direct entry PhD, Macquarie University also encourages joint PhD applications with other international universities that are active in research. Simultaneous enrolment at Macquarie University and one of our partner universities enables students to submit one thesis for joint recognition. About half of the student’s time is spent at each university and travel funds are provided.

Eligible cotutelle students are entitled to the MQRES (Macquarie University Research Excellence Scholarship) which provides full tuition payment and a living allowance/stipend of around AU$22,500 per year* while studying in Australia.

www.international.mq.edu.au/research

Did you know?

International PhD applications are accepted all year round, allowing greater flexibility for potential applicants.

* Information given in this publication is correct at the time of printing (December 2009) but is subject to change without notice. The University has the right to alter the content or impose terms and conditions in relation to a program at any time.

Research highlights

- In 2009, Macquarie signed joint PhD agreements with five highly-regarded British universities and several leading universities in Germany and China.
- Macquarie encourages jointly supervised PhD (cotutelle) programs with other research intensive international universities. By October 2009 there were 71 cotutelle agreements with over 54 leading universities in 22 countries.
- In 2009, the Australian Government allocated over AU$36 million from the Education Investment Fund to two high-profile Macquarie projects in advanced surgical training and marine science.
- The Macquarie Research Excellence Scholarship (MQRES) stipend was increased to AU$22,500 per annum in 2010, a 10% increase over the 2009 rate.
- AU$46 million was distributed to faculties to support higher degree research training, including provision of supplementary stipend to PhD candidates.
- The University library provides specific support to researchers and higher degree research students, including dedicated research areas within the new library building, to be opened in 2010.
- Macquarie University’s research capacity will soon be enhanced by major infrastructure developments, including the AU$180 million Macquarie University Hospital and the AU$130 million Hearing Hub (see page 3).
Concentrations of Research Excellence (COREs)

Macquarie’s international reputation rests on distinct research areas of the highest quality. Currently, there are 18 COREs:

**Ancient Cultures**
The breadth of coverage and the integration of source studies with historical research makes Ancient Cultures at Macquarie University unique. Our projects advance each of our key areas – excavation (Egypt), inscriptions, numismatics, prosopography (Rome), papyrology (Early Christianity), and editing and translation (Late Antiquity and Silk Road).

**Animal Behaviour**
Our research combines insights from sensory, physiological and cognitive processes with genetic and comparative analyses. The goal of this uniquely integrative approach is to understand animal behaviour at all levels, from mechanism to evolution.

**Astronomy and Astrophysics**
Macquarie University is a highly active centre of astronomical research excellence and is in close proximity to both the Anglo-Australian Observatory and the Australia Telescope National Facility. Our research strengths include wide-field astronomy, optical, infrared and radio studies of planetary nebulae and supernova remnants, stellar proper motions, theoretical studies of shock-waves, star formation and black holes.

**Biomolecular Frontiers**
We undertake world-class research in proteomics, glycomics, genomics, biotechnology and chemical biology related to cell biology, human disease biomarker discovery, agri-food quality trait discovery, microbial physiology and pathogenicity, gene transfer systems, protein post-translational modifications and expression, and bioinformatics. The Biomolecular Frontiers team is underpinned by the state-of-the-art research infrastructure provided by the Australian Proteome Analysis Facility.

**Climate Risk**
We are a multi-disciplinary group with expertise in climatology, water, coastal processes, geomorphology, ecology, economics, law and governance, social policy, planning and risk analysis. Our strategy is to use science and impact assessment infused by and packaged within a framework of economic, financial and legal risk.

**Cognitive Science**
We study basic processes of cognition – language acquisition, reading and spelling, understanding and producing spoken language, face recognition, thinking, memory and attention – using our results to achieve greater understanding of cognitive disorders such as schizophrenia, autism, dyslexia, aphasia, specific language impairment in children and prosopagnosia.
Earth and Planetary Evolution
By integrating information across traditional discipline boundaries including geochemistry, geophysics, geodynamics and tectonics, Macquarie is now a world leader in mapping the Earth in four dimensions. Our cutting-edge isotope, geochemical and experimental instrumentation and strong industry collaborations attract leading local and international geoscientists.

Ecology and Evolution
Working under the slogan ‘genes to geoscience’, we are a coalition of research groups and individual researchers, who believe that exceptionally interesting and important science over coming decades will arise through bridging from molecular technologies and biological detail, up to world-scales in space and geology-scales in time.

Emotional Health
We focus on understanding, treating and preventing emotional distress, as well as promoting positive emotional health. Research interests of team members focus on emotional difficulties across the lifespan. The team has developed novel interventions through its research clinic.

Financial Risk
We focus on the financial implications of risk arising out of global capital market fluctuations, climate change, foreign exchange, longevity, retirement, and regulatory risk. Our key research agenda is to better understand, integrate, manage and price financial risks to allow their efficient and equitable distribution within our economic system.

Language Sciences
We bring a combination of theoretical, experimental and computational approaches to the investigation of live issues in the production and comprehension of languages across the human life span. Central issues include how human language is processed in the brain, how language develops in normal children and the nature of language disorders in children and adults.

Lasers and Photonics
In Macquarie University’s Photonics Research Centre, our internationally-leading researchers pursue a broad range of experimental and theoretical studies in lasers, optics, photonics and optoelectronics. We aim to address fundamental questions and develop new optical technologies for applications such as medical diagnosis and therapy, high-resolution imaging and sensing, and microfabrication.

Legal Governance
We research legal governance and regulatory problems facing governments, businesses, and communities, including global and national governance, environmental sustainability, corporate social responsibility, and the medico-legal challenges of human health.

Neuroscience, Vascular Sciences and Surgery
We research the effects of the brain on cardiovascular and respiratory systems; as well as the effects of the cardiovascular system on the brain. Our research group includes leading scientists and clinicians, with a strong emphasis on the neurosciences; particularly how the central nervous system controls blood pressure and breathing, blood flow in large arteries and pathology of the cerebral vasculature.

Quantum Information Science and Security
With experts in optics, condensed matter physics, theoretical physics, computer science, statistics and chemistry, we forge discoveries in quantum science and technology. Quantum information science drives a wide range of new technologies such as quantum computers, quantum materials, quantum cryptography, quantum simulations and quantum algorithms. The addition of experimental expertise opens new routes for interdisciplinary research.

Social, Cultural and Political Change
We are a cross-disciplinary group with expertise in the history of media, culture and politics. We focus on the history of the press, radio and film; the representations of history in various media; feminist and postcolonial studies; culturally constructed notions of gender and sexuality; literary history and critical theory; and historically informed accounts of political culture, citizenship and public opinion.

Social Inclusion
At the Centre for Research on Social Inclusion, our scholars engage in philosophical, social and cultural inquiry and collaborate in interdisciplinary research on key issues such as work reform, globalisation, cities, migration, multiculturalism, racism and welfare. A distinctive feature of the Centre is its commitment to research that is both socially relevant and theoretically innovative.

Wireless Communications
We undertake complementary research activities related to wireless communications, ranging from transistor circuits for radios, to telecommunications networking and transmission via optical and radio propagation. The specialist expertise within the team provides a niche capability in the understanding of the interplay between components in telecommunications systems.
Further areas of study
In addition to the COREs on pages 5 and 6, academics in all faculties can supervise students whose interests fall in the broad discipline areas of the University as shown below.

Faculty of Arts
- Ancient History
- Anthropology
- English
- Indigenous Studies
- International Studies
- Media, Music and Cultural Studies
- Modern History, Politics and International Relations
- Policing, Intelligence and Counter Terrorism
- Philosophy
- Sociology
- Law

Faculty of Business and Economics
- Applied Finance
- Accounting and Finance
- Actuarial Studies
- Business
- Business Law
- Economics
- Macquarie Graduate School of Management (MGSM)

Faculty of Human Sciences
- Australian School of Advanced Medicine (ASAM)
- Education
- Linguistics
- Psychology
- Early Childhood
- Human Cognition and Brain Science

Faculty of Sciences
- Biological Sciences
- Brain Behaviour and Evolution
- Chemistry and Biomolecular Sciences
- Chiropractic
- Computing
- Earth and Planetary Science
- Environment and Geography
- Mathematics
- Physics and Engineering
- Statistics

PhD
Faculty of Arts

The Faculty of Arts provides a distinctive background in the study of ancient, Indigenous, and contemporary cultures – a versatile education that opens avenues for future research and professional life.

You can study:
• Ancient History
• Anthropology
• Asian Languages
• Creative Arts
• Development Studies
• English
• European Languages
• International Communication
• International Relations
• Law
• Modern History
• Music
• Policing and Intelligence
• Politics
• Security Studies
• Social Science
Unique opportunities

- Macquarie University’s small departments and personal supervisors are able to provide individual attention and advice to help you meet your goals and achieve academic excellence.
- Our postgraduate courses can propel you onto the world stage with degrees in International Security Studies, International Relations and International Environmental Law.
- Our programs provide many opportunities for studying abroad, and undertaking internships, industry placements and fieldwork, including archaeology in Egypt.
- You will be studying alongside researchers who are national and international leaders in their fields, for example Anita Chang, who taught Mandarin to Australian Prime Minister Kevin Rudd, and David Christian, international founder of the field of ‘big history’.

Did you know?

- The Centre for Policing, Intelligence and Counter Terrorism provides programs on current international security issues. These draw on the nexus between the policy realm and the practitioner world, including counter terrorism, intelligence, transnational crime and global security.
- Research projects in Anthropology involve extended participant observation fieldwork. Students have the opportunity to spend extended periods of time living with the people whom they are studying, in order to develop an intimate understanding of their way of life.
- The Centre for Research on Social Inclusion is working closely with government and community groups on issues such as combating racism, and actively supports postgraduate researchers in this field.

Mary Tangarife
Colombia
International Communication and International Relations

“My degree has been a very multicultural experience. At Macquarie University, people around the world are willing to welcome you and to open a space for you to share your experiences. Having a Master degree definitely adds to my understanding of different platforms, and I’m passionate about developing international relations at different levels, both interpersonal and cross-cultural, and in different public and private scenarios.”

Faculty tips

What’s the difference between:

Master of Arts in International Communication (page 11) and Master of International Relations (page 12)?

Although both are suitable for students interested in working in multinational corporations or international organisations, the Master of International Relations has a focus on international politics, while the Master of Arts in International Communication explores communication channels and techniques.

Master of Politics and Public Policy (page 12) and Master of Policy and Applied Social Research (page 13)?

While both programs focus on government and the development of policy, the Master of Politics and Public Policy studies the structures and processes involved in the formulation, implementation and evaluation of public policy, while the Master of Policy and Applied Social Research gives its graduates skills to undertake the social research required to assist in the development of these policies.

**DISCLAIMER**
The fees quoted in this brochure are estimated yearly fees payable for the relevant postgraduate program in 2010. The University reviews fees each year and may increase them in the following year. Information on estimated yearly fees payable is available before enrolment. Students are subject to other fees, charges and conditions for each semester in which they enrol and are advised to check the current fees, charges and conditions with the University before enrolling at any time. See [www.international.mq.edu.au/fee_policy](http://www.international.mq.edu.au/fee_policy). The University, its agents, contractors and employees will not be liable to a student for any loss or damage arising directly or indirectly from the student’s failure to make these checks or from the University’s amendment to any fee, charge or condition. The University has the right to vary programs including their content, structure, entry requirements (including score conversions) and graduation requirements from time to time.

Programs with limited places (a quota)

An academic program may have limited places for the number of students to be accepted. The quota may be reached and the program full prior to the application deadline. Therefore applicants are encouraged to apply as far in advance of the application deadline and to accept their offer as soon as possible before the deadline set in the offer letter if a program is full when your application is processed or your acceptance received. The University will transfer your application to be considered for the next available intake.

Faculty of Business and Economics

In this challenging and new economy the Faculty of Business and Economics offers you sought-after vocational and professional career skills, access to business experts, and exposure to world-class research.

You can study:

- Accounting
- Actuarial Studies
- Applied Finance
- Business
- Business/Commercial Law
- Commerce
- Economics
- International Business
- Management
- Marketing
Unique opportunities

- Our actuarial studies program is the longest running actuarial course in Australia. Actuarial studies is also one of the most globalised graduate professions, with many of our recent graduates working around the world.
- The Master of Commerce and the Master of International Business degrees have an internship program that provides you with an opportunity to extend your academic studies through workplace experience.
- Academic staff are consistently recognised as award-winners in the Australian Teaching and Learning Awards and are opinion leaders at local, national and international levels. Your teachers are active researchers, ensuring the most up-to-date knowledge within your discipline.

Accreditation

- Macquarie’s Applied Finance Centre offers the world’s largest postgraduate finance program. Professional bodies such as the Chartered Financial Analyst (CFA) and the Professional Risk Managers’ International Association (PRMIA) attest to the quality of the program.
- The Master of Accounting degrees are accredited by CPA Australia and the Institute of Chartered Accountants in Australia.

Note: Three years of mentored work experience is also required to be eligible for full CPA Australia membership.

Macquarie Graduate School of Management (MGSM) – Australia’s only autonomous graduate business school

MGSM has an excellent reputation, high international rankings and a particular focus on executive education. The School offers programs in Management, Human Resources, Marketing and more.

MGSM is ranked 55th in the world, according to The Economist 2009 Full Time MBA rankings. According to The Economist, MGSM is also ranked fourth in the Asian and Australasian market, second in the Australian market, and first in New South Wales.

Degrees at MGSM are awarded by Macquarie University and offered at two campuses (North Ryde and Sydney central business district) and offshore in Hong Kong (see page 51).

MGSM also has one of the largest doctoral programs of any business school in the Asia-Pacific. The school builds on its highly regarded MBA program in providing an excellent environment for undertaking research with business.

www.mgsm.edu.au

Faculty tips

What’s the difference between:

Master of Commerce in Business (page 17) and Master of International Business (page 18)?

The Master of International Business has a greater international focus, whereas the Master of Commerce in Business offers you more diversity in the range of units you can study (such as Actuarial Studies, or Commercial Law).

Master of Accounting (Professional) (page 16) and Master of Accounting (CPA Extension) (page 16)?

The Master of Accounting (Professional) meets the requirements for students to continue their professional qualifications with either CPA Australia or the Institute of Chartered Accounting in Australia. The Master of Accounting (CPA Extension) adds one more year of study to the Professional program so that students can complete the CPA Australia professional examinations, supported through classes at university.

Read ahead for degree information.

Katerina Chen
Taiwan
International Business

“Teaching styles are different here. At Macquarie University, classes are interactive and the group activities allow for lots of opportunities to make friends. The teachers are always sharing their work experience with students, especially in marketing. It’s very important to get that knowledge as well as textbook knowledge.”

Faculty of Human Sciences

The Faculty of Human Sciences comprises six dynamic and exciting fields of exploration, each underpinning learning, language, thought and behaviour.

You can study:

- Advanced Medicine
- Early Childhood
- Education
- Human Cognition and Brain Science
- Linguistics
- Psychology
Unique opportunities

- To complement our teaching and research programs, strong industry links are being forged with companies such as Cochlear through the Hearing Hub (see page 3), and with government departments such as Education and the Department of Community Services (DoCS).
- You will learn from researchers and practitioners, many of whom work in our campus clinics in speech pathology, audiology, clinical and neuropsychology and emotional health. Such academics include Professor Max Coltheart, a world renowned cognitive scientist with interests mainly in cognitive neuropsychology and cognitive neuropsychiatry, and Professor Ron Rapee, who has an international reputation for his research into anxiety and related problems in children and adults.

Accreditation

- All of Macquarie’s translating and interpreting coursework programs are approved by the National Accreditation Authority for Translators and Interpreters (NAATTI). For more information, visit www.ling.mq.edu.au/postgraduate/coursework/tip/naatti.htm
- The Master of Clinical Neuropsychology, Master of Clinical Psychology and Master of Organisational Psychology have full accreditation by the Australian Psychology Accreditation Council (APAC), and satisfy the requirements of the New South Wales Psychologists Registration Board for registration as a psychologist in New South Wales (NSW).
- The Postgraduate Diploma in Applied Psychology includes arrangements for group supervision and satisfies most of the competency requirements for registration as a Psychologist in NSW. For full registration, in addition to this course, students are required to do 20 hours of placement and to have a supervisor approved by the NSW Psychologist Registration Board.
- To achieve a qualification to teach in Australia, appropriately qualified graduates can complete either the Master of Teaching (Birth to Five Years) for teaching in early childhood, the Graduate Diploma in Education for secondary level teaching, or the Bachelor of Education (Primary) for primary level teaching.

Australian School of Advanced Medicine (ASAM)

ASAM is the first school of its kind to offer sub-speciality, post-fellowship training in a campus-based university hospital. The University is building a $250 million health campus which includes the medical school and the 183-bed Macquarie University Hospital, promising to be the most modern health care facility in Australia. Together, the medical school and hospital will establish a new era in medicine by integrating clinical care, education and research.

ASAM offers advanced sub-speciality training for doctors, particularly in surgery, through Master and PhD programs. The School has brought together a group of world class clinicians, researchers and medical educators to create an innovative training program with a focus on future trends in medicine. Central to the school is the Macquarie University Neuroscience Centre, which provides the platform for a comprehensive basic and applied science and research program.

ASAM has established links overseas, with Universiti Kebangsaan Malaysia, the University of Malaya, Waseda University and Stanford University. Other links are being developed with hospitals and universities in the United Kingdom, Europe, Thailand and New Zealand. The School has also established many links with industry, including GE Healthcare, Stryker, B. Braun, Johnson & Johnson Medical, Elekta, Medtronic, Novartis, Allergan and Alcon.

www.medicine.mq.edu.au

Faculty tips

What’s the difference between: the Master of Translating and Interpreting, the Master of Advanced Translation, and the Master of Conference Interpreting (all on page 28)?

Students who complete the Master of Translating and Interpreting, or Postgraduate Diploma in Translating and Interpreting, can pursue careers as freelance or in-house translators and interpreters and other language-related jobs.

Alternatively, they can continue their studies for another year in the Master of Advanced Translation or Master of Conference Interpreting programs* to further improve their job prospects or pursue their research interests through the Higher Degree Research programs.

Yan Cheng
China
Translating and Interpreting

"The course is well designed to cover almost all areas of the profession. Less than six months after graduation I had a lot of jobs, in private enterprise and the government. I have been very busy ever since! As long as you have a passion for language or communicating with different people it is a great profession to choose. You are always respected by other people because of your skills – you can really help people to communicate with each other."

* Eligibility is dependent on achievement in specific units of study; see course information on page 28 for entry requirements.

Read ahead for degree information.
Advanced Medicine

060660M  
Master of Advanced Surgery**  
(Seven programs available; see below)  
February, July  
1  
$42,000  
Graduation as MBBS (or equivalent registrable qualification) from a recognised medical school; FRACS or equivalent; full registration as a medical practitioner in jurisdiction of residence or citizenship; Certificate of Good Standing with registration authority in jurisdiction of residence or citizenship; eligibility for registration as a medical practitioner in NSW; indemnity insurance in NSW.  
Provides comprehensive, systematic, competency focused training for specialist surgeons who wish to take their career further along a pathway of super-specialisation.  
North Ryde N

Available programs: Cardiothoracic; Cerebrovascular; Neuro-oncology; Orthopaedic; Spinal; Otolaryngology and Head and Neck, Military, Ophthalmology; Prostate, Uro-oncology, Vascular.

060661K  
Master of Surgery**  
(One program available; see below)  
February, July  
2  
$42,000  
Graduation as MBBS (or equivalent registrable qualification) from a recognised medical school; completion of at least one year of post-graduate medical practice; full registration as a medical practitioner in jurisdiction of residence or citizenship; Certificate of Good Standing with registration authority in jurisdiction of residence or citizenship; eligibility for registration as a medical practitioner in NSW; indemnity insurance in NSW.  
Provides comprehensive, systematic, competency focused training for the surgeon who is undertaking career training in a surgical specialty.  
North Ryde N

Available programs: Neurosurgery.

**Please note, higher English language requirements exist for courses in Advanced Medicine: IELTS of at least 7.0 overall with a minimum of 7.0 on any section.

Education and Early Childhood Studies

For professional teaching qualifications see the Graduate Diploma in Education on page 24, Bachelor of Education (Primary) below or Master of Teaching (Birth to Five Years) on page 24. The other programs below are academic qualifications only.

047324C  
Bachelor of Education (Primary)**  
February  
2  
$21,672  
Bachelor degree from a recognised university. Applicants are expected to have some undergraduate (first year) studies in Mathematics, English and Science or related areas. If you do not have this background it will be incorporated into the program of study.  
Provides a professional qualification for graduates seeking accreditation as primary teachers and entails the equivalent of two years of full-time study.  
North Ryde N

** Please note, higher English language requirements exist for all programs in Education: IELTS of minimum 7.0 overall with 6.0 Listening, 7.0 Reading, 7.0 Writing, 6.0 Speaking.

DISCLAIMER

The fees quoted in this brochure are estimated yearly fees payable for the relevant postgraduate program in 2010. The University reviews fees each year and may increase them in the following year. Information on estimated yearly fees payable is available before enrolment. Students are subject to other fees, charges and conditions for each semester in which they enrol and are advised to check the current fees, charges and conditions with the University before enrolling at any time. See www.international.mq.edu.au/fee_policy. The University, its agents, contractors and employees will not be liable to a student for any loss or damage arising directly or indirectly from the student’s failure to make these checks or from the University’s amendment to any fee, charge or condition. The University has the right to vary programs including their content, structure, entry requirements (including score conversions) and graduation requirements from time to time.

Programs with limited places (a quota)

An academic program may have limited places for the number of students to be accepted. The quota may be reached and the program full prior to the application deadline. Therefore applicants are encouraged to apply as far in advance of the application deadline and to accept their offer as soon as possible before the deadline set in the offer letter if a program is full when your application is processed or your acceptance received, the University will transfer your application to be considered for the next available intake.

**DISCLAIMER**

The fees quoted in this brochure are estimated yearly fees payable for the relevant postgraduate program in 2010. The University reviews fees each year and may increase them in the following year. Information on estimated yearly fees payable is available before enrolment. Students are subject to other fees, charges and conditions for each semester in which they enrol and are advised to check the current fees, charges and conditions with the University before enrolling at any time. See [www.international.mq.edu.au/fee_policy](http://www.international.mq.edu.au/fee_policy). The University, its agents, contractors and employees will not be liable to a student for any loss or damage arising directly or indirectly from the student’s failure to make these checks or from the University’s amendment to any fee, charge or condition. The University has the right to vary programs including their content, structure, entry requirements (including score conversions) and graduation requirements from time to time.

Programs with limited places (a quota)

An academic program may have limited places for the number of students to be accepted. The quota may be reached and the program full prior to the application deadline. Therefore applicants are encouraged to apply as far in advance of the application deadline and to accept their offer as soon as possible before the deadline set in the offer letter if a program is full when your application is processed or your acceptance received, the University will transfer your application to be considered for the next available intake.

** POSTGRADUATE DIPLOMAS AND CERTIFICATES
Further information about postgraduate diplomas and certificates can be found on our website:
www.international.mq.edu.au/pg/study

*LOCATION
North Ryde = Macquarie University main campus
Manly = ICMS, Manly
City = Macquarie City Campus
Sydney CBD = MGSM campus in Sydney’s central business district

*DISTANCE EDUCATION
Distance education from an overseas location may be a convenient option for you to study your chosen course.
For further details, see www.international.mq.edu.au/study/transnational_distance
The Faculty of Science is committed to providing students with an excellent learning environment, based on world-class research excellence, outstanding teachers and state-of-the-art learning facilities.

You can study:

- Biodiversity and Conservation
- Biology
- Biotechnology
- Chemistry
- Chiropractic
- Environmental and Geographical Education
- Environmental Sciences
- Geoscience
- Human Geography
- Information Technology and Computing
- Museum Studies
- Statistics
Unique opportunities

- You may experience the practical application of your chosen area of study through clinical and industry placements, internships, field study, or work experience.
- Visiting lecturers and industry advisory panels help you to take advantage of Macquarie’s strong ties to industry organisations. This will provide you with greater awareness of key developments in critical areas of industry and government.
- International research leaders teach at Macquarie University, including award winners such as Professor Mark Westoby who was named as one of just 16 researchers elected to the Australian Academy of Science in 2009.
- Many of our teachers and researchers are considered opinion leaders in their areas of expertise, such as Professor Tim Flannery, renowned for his expertise in global warming and Australian of the Year in 2007.
- The Macquarie University Research Park, our on-campus technology precinct, provides opportunities for our students to participate in research projects with companies located there.
- Some of our research such as in climate change and environmental management is aimed at giving insight into the global challenges that face us. Other areas of research such as lasers and photonics, wireless applications and biomolecular sciences are aimed at improving what we can do with science. We also have a strong, internationally significant research program in basic science.

Accreditation

- The Master of Information Technology and the Master of Consulting in Information Technology are both accredited by the Australian Computer Society (ACS), the peak industry body in Australia. ACS strongly commended Macquarie University for the quality of its program content, design and management, especially through the use of industry speakers and industry-based projects.
- The Master of Environmental Planning program is accredited by the Planning Institute of Australia (PIA). Graduates of the program are eligible for membership of the PIA.
- Chiropractic is the third largest primary health profession today. To gain accreditation with the Australian Chiropractic Registration Board, students must complete the Master of Chiropractic.

Faculty tips

What’s the difference between:

Master of Information Technology and Master of Consulting in Information Technology (both on page 33)?

The Master of Information Technology is a one year course and provides the opportunity for IT graduates to hone their skills in specialist areas. The Master of Consulting is suitable for IT graduates seeking to develop their skills in consulting in an IT environment. It is two years long with the second year being an internship year, offering IT work experience with two placements in two different companies.

Master of Environmental Management, Master of Environmental Science and Master of Environmental Studies (all on page 34)?

The Master of Environmental Studies is the broadest and most flexible environmental program of the eight offered by the Graduate School of the Environment. It provides students with the opportunity to explore environmental issues in an interdisciplinary way, in programs tailored to their interests.

By comparison, the Master of Environmental Management focuses on providing students with the knowledge and skills to be able to cooperate within or manage a team of people working from different discipline perspectives on finding solutions to environmental problems.

The Master of Environmental Science teaches students to understand processes occurring in the natural world and how human populations affect these processes, and how to apply that knowledge to developing solutions that will achieve long term sustainability.

Students are subject to other fees, charges and conditions for each semester in which they enrol and are advised to check the current fees, charges and conditions with the University before enrolling at any time. See [www.international.mq.edu.au/fee_policy](http://www.international.mq.edu.au/fee_policy). The University, its agents, contractors and employees will not be liable to a student for any loss or damage arising directly or indirectly from the student’s failure to make these checks or from the University’s amendment to any fee, charge or condition. The University has the right to vary programs including their content, structure, entry requirements (including score conversion) and graduation requirements from time to time.

Programs with limited places (a quota)

An academic program may have limited places for the number of students to be accepted. The quota may be reached and the program full prior to the application deadline. Therefore applicants are encouraged to apply as far in advance of the application deadline and to accept their offer as soon as possible before the deadline set in the offer letter if a program is full when your application is processed or your acceptance received, the University will transfer your application to be considered for the next available intake.

**DISCLAIMER**

The fees quoted in this brochure are estimated yearly fees payable for the relevant postgraduate program in 2010. The University reviews fees each year and may increase them in the following year. Information on estimated yearly fees payable is available before enrolment. Students are subject to other fees, charges and conditions for each semester in which they enrol and are advised to check the current fees, charges and conditions with the University before enrolling at any time. See [www.international.mq.edu.au/fee_policy](http://www.international.mq.edu.au/fee_policy). The University, its agents, contractors and employees will not be liable to a student for any loss or damage arising directly or indirectly from the student's failure to make these checks or from the University's amendment to any fee, charge or condition. The University has the right to vary programs including their content, structure, entry requirements (including score conversions) and graduation requirements from time to time.

*Programs with limited places (a quota)*

An academic program may have limited places for the number of students to be accepted. The quota may be reached and the program full prior to the application deadline. Therefore applicants are encouraged to apply as far in advance of the application deadline and to accept their offer as soon as possible before the deadline set in the offer letter if a program is full when your application is processed or your acceptance received, the University will transfer your application to be considered for the next available intake.

Also available: Postgraduate Certificate in Research Preparation (CRICOS code: ELS (049551J))^
Macquarie University’s North Ryde campus is uniquely located in parklands only 30 minutes drive to Sydney Harbour.

In 2009, we became the first university in Australia to have its own train station on campus. Bus services have also been developed, meaning it is now much easier to get to Macquarie University from all parts of the city than ever before.

**Getting to Macquarie University**

Macquarie University is located in the city of Sydney, in the Australian state of New South Wales. The Macquarie University train station is located on campus, and provides rail service links to the city centre and metropolitan Sydney, with a 30-40 minute journey between the city and Macquarie University.

Bus services to Macquarie University are frequent and come from the city, beaches and outer suburbs. More than 20 bus routes service the University every day.

For information on trains and buses, visit the Transport Infoline website www.131500.com.au

Additionally, 5,000 car park spaces are located on campus for those who travel by car, as well as storage racks and cycleways for cyclists.

The best way to get to Macquarie University from the airport is to organise airport pickup as part of your orientation and arrival process, through Macquarie’s accommodation office (see page 42). Alternatively you can take a train, taxi or bus – the journey takes approximately one hour.

---

**Dana’s top five things to do in Sydney**

Dana Pillay, South Africa

**Business Administration**

_During my time at Macquarie, I’ve made some great friends through my classes, and other activities like being a Student Buddy, taking international students to tourist sites in Sydney, and taking part in the Aussie Getaway Trip. Here are my top five activities with friends in Sydney._

1. **Have a barbeque**

On a warm summer evening, I’ll get a group of friends together and have a typical Australian barbeque. Many of Sydney’s parks provide gas barbeques so all you need to do is grab some sausages and start cooking!

2. **Catch a ferry**

For only a few dollars, we catch a ferry from Circular Quay, right by the Sydney Harbour Bridge and Opera House, and travel around to beautiful Manly Beach in the city’s north.

3. **Visit the symphony**

The Sydney Symphony is an orchestra based in the Sydney Opera House, and with some great student discounts, I can take some friends for a special night inside a Sydney icon.

4. **Watch a game of football**

We can watch a game of Australian Rules football, put on our team colours of red and white, and cheer for the Sydney Swans.

5. **Go to the Blue Mountains**

For a day trip, we’ll catch a train to the Blue Mountains, and see Australia’s jaw-dropping natural beauty. There are bushwalking trails for beginners and more experienced hikers.

1. Sydney’s Central Business District, and Macquarie City Campus
2. Macquarie Shopping Centre
3. Research Park
4. Train Station
5. Robert Menzies College (accommodation)
6. Dunmore Lang College (accommodation)
7. New hospital (to open in 2010)
8. Laboratories
9. Macquarie International, SIBT and CME
10. Computer facilities
11. New library (to open in 2010)
12. Macquarie Graduate School of Management
13. Foodcourt
14. Cashier (fees payment)
15. Library
16. Macquarie Lecture Theatre
17. Lake
18. Macquarie University Sport & Aquatic Centre
19. Observatory
20. Macquarie University Village (accommodation)
Facilities and services

Day-to-day necessities
- banking facilities including three ATMs
- a Co-op bookshop and Next Read Second Hand Bookshop
- a Prayer Room (massolah) with facilities for both men and women
- a non-denominational community church
- three on-campus childcare facilities – Banksia, Gumnut and Mia-Mia

Wellbeing
- dentist
- doctor
- the Macquarie University Sport & Aquatic Centre with two heated swimming pools (discounted student membership available)
- chiropractor
- pharmacy
- hospital (opening in 2010)
- free and confidential counselling and welfare service
- the Macquarie University sports fields, including Australian football, cricket, rugby, soccer, hockey, touch football and Ultimate Frisbee fields

Lifestyle
- STA Travel Agency and Campus Travel
- two hotels
- art gallery and museums
- sculpture park
- theatre
- diverse range of food and drink options, including cafés, restaurants and coffee carts, which offer local and international cuisines with indoor and outdoor dining areas

Learning
- more than 20 lecture theatres
- more than 340 classrooms
- more than 300 laboratories
- an observatory
- a greenhouse
- research park

Shop at the Macquarie Centre
Macquarie Centre, a major shopping centre, is located only five minutes walk from Macquarie University. It has over 220 speciality shops, including two major supermarkets that are open seven days a week. There are also clothing stores, take-away food outlets, cafes, music stores, photo labs, department stores, a multicinema movie complex (16 theatres) and even an ice skating rink!

International Student Services
The staff at International Student Services (ISS) provide comprehensive support for all international students. ISS can help you with almost any enquiry – visa information, health cover, fees, social activities, study skills referrals and personal welfare.

Macquarie University Postgraduate Representative Association
All enrolled postgraduate students have access to MUPRA, the Macquarie University Postgraduate Representative Association. MUPRA functions as a representative association on many levels, from individual student grievances involving academic, administrative or other matters, to issues that affect the wider postgraduate body.

Study skills programs
All international students have access to support programs in computer skills, academic writing, desktop publishing, library research skills and many other areas. A Study Skills Coordinator also provides individual consultations and study skills workshops. For more information about study support, visit

You can visit the Macquarie International Front Desk to make an enquiry with our staff during normal business hours, and you will have the email contact details of your ISS Adviser. ISS also have a 24-hour emergency number for enrolled international students, which is given to students during the orientation period.

ISS provide a comprehensive orientation program for all international students at the beginning of each semester, and organise social events throughout the year.

The Macquarie International Social Club, ‘iClub’, is also facilitated by ISS, with the assistance of student volunteers. iClub hosts regular social and cultural events for international students, from movie nights to multicultural cuisine events and ‘Amazing Race’ on- and off-campus challenges.

Parents Group
The Macquarie International Parents Group is a support network designed for international students and their children. Parents Group sessions are run on a monthly basis by International Student Services (ISS), and are free for all to join.

Macquarie International Social Club, ‘iClub’ is also facilitated by ISS, with the assistance of student volunteers. iClub hosts regular social and cultural events for international students, from movie nights to multicultural cuisine events and ‘Amazing Race’ on- and off-campus challenges.

www.mq.edu.au/mupra/

www.international.mq.edu.au/studentservices/studysupport/adviser
The Macquarie University library provides access to over 250 databases; 130,000 e-books; more than 67,000 electronic journals; books, printed resources, multimedia via the catalogue and links to services, training and research help. Other services include photocopying and printing, a Learning Lounge, wireless internet, group study rooms, a multimedia room, a presentation practice room and a postgraduate reading room.

Library staff can also provide help with finding resources for your assignments, searching online databases, using the internet effectively and getting to know the library.

The library’s resources can be accessed online from anywhere in the world.

In 2010 Macquarie University will be opening a new library. See page 3 for information.

www.library.mq.edu.au

“... the campus here is beautiful. There are lots of nice places to read and relax while you study. Being away from the city means you are really able to concentrate while on campus, without distractions. The number and quality of electronic databases is also excellent. The online library meant I could access these databases 24 hours a day and complete my research at home.”

Did you know?
Macquarie’s International Student Services (ISS) run excursions and events throughout the year, from dinners and formal functions through to sand boarding and dolphin spotting.

www.international.mq.edu.au/studentservices
Get involved with University student services

Macquarie University provides excellent student and staff support services. There are places to engage, eat, drink, shop and be entertained, as well as comprehensive sporting facilities.

If you’re on a budget, we can help. As a Macquarie student you are automatically given access to a whole host of generous discounts and benefits both on and off campus.

By simply showing your student card, you will receive discounts at various food, drink and retail outlets on campus. Visit the website below for a complete listing of outlets, offerings and discounts.

www.uatmq.com.au

Join a student club

Macquarie has over 80 clubs and societies; joining one is a great way for you to meet new people on campus and develop special interests and skills from leadership to group collaboration.

There are societies representing study areas (for example Law, Actuarial Studies, Geoscience, Chiropractic and Psychology), all major religions, and special interests (such as drama, debating and bushwalking). Almost every major nationality on campus has its own club, including Indonesian, Afghan, Turkish, Korean, Greek, Iranian and Japanese, to name a few. There are also political and social change societies including the United Nations Society, the Oaktree Society and the Red Cross Society.

Keep active

You will be spoilt for choice of fun and physical activities on campus. The Macquarie University Sport & Aquatic Centre caters for everyone – heated swimming pools, a gymnasium, cycle, group fitness and lifestyle studios, squash courts and recreation courts are just some of the facilities on offer.

Discounted membership to the Macquarie University Sport & Aquatic Centre is available for students.

You can also participate in various recreation activities such as snow skiing, surfing, and scuba diving. In addition, a fantastic short course program gives you the chance to experience new activities and see new areas of Australia.

Safety on campus

Macquarie University is a safe and welcoming place to study; however student safety and wellbeing is still one of our top priorities. We provide advice and support on personal safety and security both before you arrive here and during your studies.

As part of your orientation you will receive information on how to ensure your personal safety, as well as details on our 24-hour security service and a 24-hour emergency contact which is available for all international students.

We have help points available across campus, which have a direct line to our security service.

Members of staff from the International Student Service (ISS) are also available to advise on personal safety, should you require more help and support.

More information about personal safety for prospective students and parents can be found at

www.international.mq.edu.au/studentservices/futurestudents

1 Good Universities Guide, 2009
I Club is a great way to meet new friends from across the University.

Student groups represent many different cultures on campus.

Our campus comes alive with entertainment in the central courtyard.

Macquarie International hosts a monthly Parent’s Group (see page 38).

Enjoy snacks at the Macquarie University Sport & Aquatic Centre Cafe.
We have a dedicated accommodation service which can give you information on your accommodation options.

**Airport reception**
You can book a representative from Macquarie's Accommodation Services to pick you up from either the Sydney International or Domestic Airport and take you to your pre-arranged accommodation. This free service is available to all international full-degree students who book at least seven days in advance.

**Temporary accommodation**
We can help you organise your initial temporary accommodation so that you have somewhere to stay when you first arrive if your long-term accommodation is not ready, or if you want to find accommodation after you arrive. It is essential that you organise this before you leave home.

### Residential Colleges
The two residential colleges are located right on campus and close to the Macquarie Centre shops and cinemas. They have a great community atmosphere, with local Australian and international students sharing a lively social life, common room and dining facilities.

Building your career

Macquarie University graduates are highly knowledgeable and skilled in their field of study. Our graduate starting salaries are ranked among Australia's highest, and have been for over a decade.¹

With contemporary facilities, professionally-accredited qualifications and an enviable location in Australia's premier high technology precinct, it's not surprising that Macquarie University graduates are so highly sought-after.

Your Macquarie degree will give you the qualities essential to succeed in a challenging, changing global employment market. We build on your existing experiences to develop employability, through:

• industry-relevant education
• research-led teaching programs
• a strong global focus

Course content at Macquarie is constantly being refined and developed, and many courses have been developed in line with industry needs and feedback. For more information on professionally-accredited programs, see the faculty pages on pages 8 to 35. The University is also exploring a range of new services designed to help you, as an international student, stay networked and prepare for your career on your return home. www.international.mq.edu.au/careers

Internships

Work experience is one of the most valuable experiences you can have on your resume.

• Macquarie University offers internships across all four faculties, providing a unique multidisciplinary focus. Information about faculty-based internships can be sought from individual faculties.

• Previous faculty internships have included placements with Honeywell, Cochlear, United Nations Headquarters and Mission Australia.

• Macquarie International also facilitates specific internships for Study Abroad students, and students of the Master of International Business, Master of Commerce, Master of Biotechnology, Master of Consulting in Information Technology, or Master of International Relations degrees. For internship opportunities through Macquarie International, visit www.mq.edu.au/careers/internships

Sean Miwa, Japan
Business Administration
(graduated in 2004)

“I am currently in charge of investment and business development in the area of global e-recycling at Mitsui, the leading Japanese investment and trading company.

I chose to study at Macquarie University because the Japan-Australia relationship is becoming increasingly important in the Asia-Pacific region, especially in the area of natural resources and energy, food and security.

I was attracted to the reputation of MGSM and the flexibility in terms of class times (weekday evening and weekends) and venue (North Ryde and Sydney central business district). The Sydney campus was just three minutes walk from my office.”

¹ Good Universities Guide 1998–2009

Careers advice

The Career Development Centre, located on campus, helps you explore your career options and aims to equip you with a high level of employability.

The Centre has a dedicated postgraduate careers specialist, and offers programs specifically tailored to the needs of postgraduates. For postgraduate research students, the Centre also works in conjunction with the Associate Deans of Higher Degree Research across the four faculties of Macquarie University.

The Centre works closely with international and local graduate recruiters, to manage programs and events that facilitate employer and industry recruitment of Macquarie University graduates.

Our services include:

• practical job seeking workshops e.g. resume writing, networking, interview skills
• work experience placement programs
• ‘CareerHub’ – a 24/7 online job notice board, advertising on- and off-campus jobs
• opportunities to meet with employers
• Career Resource Centre – a multimedia centre with a variety of resources to help with your career search
• Faculty/department-based career education programs
• HDR specific workshops, e.g. grant writing, ePortfolios and academic applications

(Arts with Honours 1976)  
International business leader

**Napoleon Perdis**  
(Arts 1990)  
International premium cosmetics brand owner

**Greg Coffey**  
(Economics 1995)  
Hedge Fund Manager

**Did you know?**

Macquarie University has more than 100,000 graduates worldwide, from over 100 countries.

[www.alumni.mq.edu.au](http://www.alumni.mq.edu.au)
At Macquarie University we focus on developing your capabilities, to give you skills for your career and your life. You will have many opportunities to build your leadership, communication and life skills through a range of unique programs.
Global Leadership Program – Postgraduate (GLP PG)

The GLP is unique to Macquarie University and will differentiate you as a graduate prepared for a role in global leadership.

During your GLP PG program, you will engage in a cross-cultural, internationally-focused practical experience (practicum) and participate in a think tank series. These think tanks (discussion groups) will require you to make informed arguments about various global issues, in collaboration with students from different academic and professional backgrounds.

This extracurricular program is entirely funded by the Vice Chancellor’s office and is accessible to all Macquarie University students, from any discipline or degree. Successful completion of the GLP is officially recognised on your academic transcript and provides a competitive edge in the global employment market.

You may also take part as a delegate in Macquarie University’s Global Leadership Symposium Series and travel with other delegates to a different region of Australia or the world. The symposia are comprised of business briefings, service learning, non-government organisation visits and cultural tours, and bring together students and graduates from all over the world for immersion in a foreign culture.

glp@io.mq.edu.au
www.international.mq.edu.au/GLP

Enhance your international expertise

As a student at Macquarie University, you will have access to a vast range of globally-focused opportunities.

Macquarie has one of the most extensive and generous international exchange programs of any Australian university. With over 250 universities from more than 60 countries to choose from, you can study overseas for periods ranging from a few weeks vacation study to a full academic year. Most importantly, Macquarie University helps support all of our students financially when they travel so everyone has the opportunity to enhance their degree with international experience.

www.international.mq.edu.au/goingabroad

Global Futures Program

The Global Futures Program, jointly managed by Macquarie University and Australian Volunteers International, aims to provide opportunities for students and staff to actively contribute to more just, inclusive and sustainable societies through activities with communities and organisations overseas. Through experiential learning activities students have opportunities to apply their classroom learning to real-world situations while developing skills that employers value.

Programs run throughout the year and go to destinations in the Pacific, South East Asia and Latin America. Participation grants are available to help students finance part of their experience abroad in the Global Futures Program.

www.international.mq.edu.au/volunteer/abroad

Miriam Jossen
Switzerland
International Communication

“As part of the GLP, I participated in different think tanks (Climate Change, Middle East politics and conflicts, Transnational Crime) and found them really interesting, challenging and thought-provoking. The think tanks covered current issues and could therefore also help me better understand the issues of my degree. I also completed a cross-cultural practicum with Conservation Volunteers Australia, where I worked in the Sydney Harbour National Park for a week.”
Scholarships and living costs

Macquarie University has the most generous range of scholarships and grants in Australia. We provide support for many international students to undertake studies at Macquarie University, as well as for study abroad and exchange opportunities.

Macquarie University International Scholarship (MUIS)

MUIS aims to attract outstanding students from around the world to study at Macquarie University. There are up to 40 full-tuition scholarships available each year for postgraduate and undergraduate students across all disciplines. Scholarships are highly competitive and are awarded on the basis of academic merit.

How to apply?
To apply for the MUIS you must submit the application form at the end of this guide as well as an MUIS online application. You must hold a FULL OFFER (unconditional offer to the degree you are applying for) from Macquarie University, before the relevant MUIS deadline in order to be eligible for the scholarship.

You can find information about MUIS scholarship eligibility, conditions of the scholarship and the MUIS online application form at www.international.mq.edu.au/scholarships/muis

Key dates to remember
For Semester 1, 2010
Applications close 31 October 2009. Applicants will be advised of the outcome of their application in December 2009.

For Semester 2, 2010
Applications close 30 April 2010. Applicants will be advised of the outcome of their application in June 2010.

For Semester 1, 2011
Applications close 31 October 2010. Applicants will be advised of the outcome of their application in December 2010.

For Semester 2, 2011
Applications close 30 April 2011. Applicants will be advised of the outcome of their application in June 2011.

Australian Government Scholarships

Macquarie University participates in Australian Government Scholarship programs such as the Australian Development Scholarships (ADS), and the Australian Leadership Awards (ALA). For more information please visit www.international.mq.edu.au/scholarships or email scholarships@mq.edu.au

Travel grants

Student mobility is a strategic priority of Macquarie University. Macquarie offers the most generous travel grant scheme of any Australian university. Travel grants are available to students who are travelling abroad for study on exchange, or who are participating in other academic programs related to their Macquarie degree.

These grants vary between AU$500 and AU$4,500 depending on the duration and location of the activity.

www.international.mq.edu.au/goingabroad

Cost of living

Your budget will depend on the lifestyle you choose to lead (eating out or self-catering, living on or off campus, owning a car or taking public transport etc). Generally you should allow between AU$18,000 and AU$21,000 per year for your living expenses.

You should also factor in Overseas Student Health Cover (OSHC) fees for the duration of your degree. See page 55 for a table of OSHC fees.

For more information about the cost of living in Sydney, visit www.international.mq.edu.au/macquarie/sydney/livingcosts

Other scholarships

Please see our scholarship website for other scholarship opportunities, including sports scholarships and country-specific scholarships.

www.international.mq.edu.au/scholarships or email scholarships@mq.edu.au

Zoha Khan
Pakistan
Marketing and Law, recipient of MUIS scholarship

“Law has always been a personal passion and in Pakistan there are not many opportunities for women in Law, so I made it my goal to defy the odds. It was a very special moment when I got admission to study Law and then the scholarship – without the scholarship I would never have had this opportunity.”
Pathways to Master programs

If you do not meet the direct entry requirements listed on pages 8 to 35, in some instances you may be eligible to enter the program via a pathway.

You only need to complete the application form at the end of this brochure for the Master degree program you are interested in. If you are eligible for a pathway, you will be given a ‘package offer’ for the pathway program plus the Master program. Entry into the Master program will be conditional on successful completion of the pathway program, to the level of achievement outlined in your offer.

**WANT TO GET INTO:**

**START WITH:**

### BUSINESS

- **Master of International Business, Master of International Business with Master of Arts in International Communication, Master of International Business with Master of International Relations or Master of Commerce in Business**
  - Graduate Certificate in Business
    - Offered by Sydney Institute of Business and Technology (SIBT—see page 50), on campus at North Ryde or at Macquarie City Campus.
    - CRICOS code: 056011A
    - Entry requirements: Bachelor degree from a recognised university with a GPA of 2.70 out of 4.00.
    - Duration: 4 months (4 units)
    - Fees (2010): AU$10,836
    - Intakes: February, October

- **Master of Commerce (Marketing)**
  - Graduate Certificate in Marketing
    - Offered by Sydney Institute of Business and Technology (SIBT—see page 50), on campus at North Ryde or at Macquarie City Campus.
    - CRICOS code: 056013K
    - Entry requirements: Bachelor degree from a recognised university with a GPA of 2.70 out of 4.00.
    - Duration: 4 months (4 units)
    - Fees (2010): AU$10,836
    - Intakes: February, October

- **Master of Commerce (Information Systems and Technology) or Master of Commerce in Information Systems and Technology and Master of Information Technology**
  - Graduate Certificate in Information Systems and Technology
    - Offered by Sydney Institute of Business and Technology (SIBT – see page 50), on campus at North Ryde or at Macquarie City Campus.
    - CRICOS code: 056012M
    - Entry requirements: Bachelor degree from a recognised university with a GPA of 2.70 out of 4.00.
    - Duration: 4 months (4 units)
    - Fees (2010): AU$10,836
    - Intakes: February, October

### BIOTECHNOLOGY

- **Master of Biotechnology or Master of Biotechnology with Master of Commerce in Business**
  - Graduate Certificate in Biotechnology
    - CRICOS code: 048823J
    - Entry requirements: Bachelor of Science from a recognised university in a related discipline with a GPA of 2.70 out of 4.00.
    - Duration: 6 months (4 units)
    - Fees (2010): AU$10,944
    - Intakes: February, July

### CHIROPRACTIC

- **Master of Chiropractic**
  - Master of Chiropractic (Qualifying Program)
    - CRICOS code: 040608C
    - Entry requirements: Bachelor degree from a recognised university in Health Sciences or Sciences, minimum GPA 2.0 out of 4.0.
    - Duration: 1 year (12 credit points)
    - Fees (2010): AU$10,260
    - Intakes: February

### INFORMATION TECHNOLOGY

- **Master of Information Technology or Postgraduate Diploma in Information Technology**
  - Graduate Diploma in Information Technology
    - CRICOS code: 051829K
    - Entry requirements: Bachelor degree from a recognised university in any discipline with a strong GPA. Relevant work experience will also be considered.
    - Duration: 1 year (32 credit points)
    - Fees (2010): AU$25,920
    - Intakes: February

### LINGUISTICS

- **Master of Speech and Language Pathology**
  - Postgraduate Qualifying in Linguistics
    - CRICOS code: 05S293E
    - Entry requirements: Bachelor of Speech and Hearing Sciences or equivalent, with credit average from a recognised university. Applicants with degrees in other areas will be considered on an individual basis; some qualifying coursework may be required. Due to the clinical nature of this program, spaces are limited, therefore, entry is competitive. Meeting eligibility criteria does not guarantee a place in the program.
    - Duration: 2 years
    - Fees (2010): AU$16,896
    - Intakes: February

### STATISTICS

- **Master of Applied Statistics**
  - Graduate Certificate in Statistics
    - CRICOS code: 056663J
    - Entry requirements: Bachelor degree from a recognised university in any discipline.
    - Duration: 1 year (32 credit points)
    - Fees (2010): AU$25,920
    - Intakes: February, July

**DISCLAIMER**

The University has the right to vary programs including their content, structure, entry requirements (including score conversions) and graduation requirements from time to time. For more information, please see the disclaimer at the base of pages 8 - 35.
Macquarie University campuses, partners and pathways

Sydney Institute of Business and Technology (SIBT)

Macquarie University and SIBT have been working in partnership for over 13 years. SIBT offers graduate certificates (on behalf of Macquarie University) to postgraduate students without a background in business, marketing, or information systems and technology to articulate into the Master of Commerce (in Marketing, Business or Information Systems and Technology) or the Master of International Business. You can choose to study at the Macquarie University campus in North Ryde or the Macquarie City Campus in the Sydney central business district. SIBT students have access to University facilities. See page 49 for information on different pathway options offered by SIBT.

Phone: + 61 2 9850 6222 (SIBT – North Ryde)

Macquarie City Campus

Macquarie City Campus offers some of Macquarie University’s highly sought-after postgraduate programs in accounting, international business and information technology. Located in the heart of Sydney’s central business district and conveniently located above Wynyard train station, Macquarie City Campus is situated amongst local and international business headquarters. Students study a modern and professionally-relevant Macquarie University postgraduate degree with access to Macquarie University’s North Ryde campus services and facilities.

CRICOS Provider Code 01484M

Transnational (offshore)

Macquarie University recognises the need for flexibility in education. Our transnational (offshore) programs make it possible for you to study your courses outside of Australia. Programs are taught face-to-face in a partner university. You will study the same subject as students undertaking the courses on campus in Australia, and you will graduate with a Macquarie University degree.

Distance education

For students who are working, or who cannot travel to study, distance education may be the best study option for you. Distance education allows you to study at your own pace with personal attention from Macquarie University staff in Sydney. Students who take these courses graduate with a Macquarie University degree. To view the full list of courses available by distance education, visit

www.international.mq.edu.au/transnational_distance
How to apply for a postgraduate degree

There are five main steps when applying for admission to a postgraduate degree at Macquarie University:

**Step 1**
Research your study options

Use this guide, or visit our online database, to choose a program that is suitable for you.
www.international.mq.edu.au/pg/study

**Step 2**
Check the entry requirements

Each program has specific entry requirements that you need to fulfil, in order to be considered for entry into the program.

**Academic requirements**

*University qualifications (or equivalent)*
The minimum university qualification for entry to a postgraduate degree at Macquarie University is a bachelor degree from a recognised university. Other qualifications and work experience are assessed separately.

During the assessment of your application, your total academic record is taken into account in determining suitability for admission, including failed, repeated or incomplete courses. Your equivalent Grade Point Average (GPA) is calculated in accordance with Macquarie University’s admission procedures.

*Prerequisite subjects and work experience*

Some programs require you to have a certain level of prior knowledge in particular subject areas (prerequisite subjects) or work experience in order to be considered for entry into a postgraduate program. There are specific prerequisite subject and work experience requirements for each program. For these requirements, check pages 8 to 35 of this guide, or visit
www.international.mq.edu.au/pg/study

**Step 3**
Submit your application

**Step 4**
Accept your offer

**Step 5**
Prepare for your arrival at Macquarie University

Need help with the application process?

Refer to the following pages for more detail on each of these steps or visit:

www.international.mq.edu.au/study/apply/postgraduate

iso@mq.edu.au

Contact a registered representative in your country:

www.international.mq.edu.au/representatives
English language requirements

All international students at Macquarie University are required to provide evidence of proficiency in English. For admission into a Macquarie University postgraduate degree, this can be done in one of three ways.

1. Complete an approved English language test as below:

<table>
<thead>
<tr>
<th>TEST/PROGRAM</th>
<th>TEST SCORE</th>
</tr>
</thead>
<tbody>
<tr>
<td>IELTS (ACADEMIC</td>
<td>Minimum 6.5 overall, with 6.0 in each section*</td>
</tr>
<tr>
<td>ENGLISH ONLY)</td>
<td></td>
</tr>
<tr>
<td>TOEFL (INTERNET BASED</td>
<td>Minimum 92 overall, with</td>
</tr>
<tr>
<td>TEST)</td>
<td>18 Listening</td>
</tr>
<tr>
<td></td>
<td>17 Reading</td>
</tr>
<tr>
<td></td>
<td>22 Writing</td>
</tr>
<tr>
<td></td>
<td>22 Speaking*</td>
</tr>
<tr>
<td>TOEFL (PAPER BASED</td>
<td>Minimum 580 overall, with 53 Listening</td>
</tr>
<tr>
<td>TEST)</td>
<td>52 Reading</td>
</tr>
<tr>
<td></td>
<td>59 Structure/Written Expression</td>
</tr>
<tr>
<td></td>
<td>5.0 TWE*</td>
</tr>
<tr>
<td>TOEFL (COMPUTER BASED</td>
<td>Minimum 237 overall, with 19 Listening</td>
</tr>
<tr>
<td>TEST)</td>
<td>19 Reading</td>
</tr>
<tr>
<td></td>
<td>25 Structure/Written*</td>
</tr>
</tbody>
</table>

* Higher English language requirements exist for all Education programs, all programs in Advanced Surgery and Clinical Audiology; all programs in Translating and Interpreting; and the Master of Arts in English Literature. For these higher requirements and other accepted English language tests, see www.international.mq.edu.au/study/apply/english

2. Study English at an approved Australian ELICOS college

To confirm if your college is approved by Macquarie University, and to check specific test-score requirements from each institution, visit www.international.mq.edu.au/study/apply/english

3. Satisfy alternate English language requirements

You may be considered for admission if you have:

- completed secondary study or at least one year of tertiary study in an English speaking country

**English speaking countries**

American Samoa, Australia, Canada, Fiji, Ireland, Kenya, New Zealand, Papua New Guinea, Singapore, Solomon Islands, South Africa, UK, USA or Zambia.

- completed secondary study or at least one year of tertiary study where English was the language of instruction.

- If you were not born in one of the English speaking countries listed above, these qualifications must have been completed within the last two years.

The following tests and programs are also accepted*:

- Denmark – Upper Secondary School
- Finland – High School
- Germany – German Academic Exchange Organisation (DAAD) and Abitur
- Netherlands VWO (pre-university education) and HAVO
- Norway – Upper Secondary School
- Sweden – Upper Secondary School
- International Baccalaureate (IB)
- General Certificate of Education ‘A’ Levels (GCE ‘A’ Levels) UK, Singapore
- Hong Kong Advanced Level Examination (HKALE)
- Completed AQF (Australian Qualifications Framework) Certificate IV or completed Advanced Certificate. This includes a completed AQF Certificate IV in English for Academic Purposes (EAP).

CME students achieve higher pass rates than Macquarie University than students who enter through other English colleges1.

Our teachers are highly qualified, and many are IELTS examiners.

You can enjoy our regular social events and activities and you’ll make friends with other students from around the world.

As well as Academic English programs, CME offers General English courses, and purpose-designed Group Study Tours can be arranged.

Do you need to take the IELTS test?

You can prepare for the IELTS test by enrolling in one of CME’s acclaimed web-based IELTS online courses: IELTS Master and IELTS Express. These courses include practice IELTS tests, guided learning materials based on IELTS test items and test-taking tips. For more information and free demonstration lessons please visit www.ieltsonline.com.au

CME is also one of Australia’s largest IELTS test centres and our students are offered first choice of test dates.

Tel: +61 2 9850 7667

1 Macquarie University Institutional Research Unit, 2009
Step 3
Submit your application

Complete an application form. There is one attached to this guide, or download one from www.international.mq.edu.au/quickmenu/application_forms

Complete the application form carefully and remember to attach all relevant documents, as instructed on the application form.

Supporting documents

You need to provide either original or certified copies of documents such as transcripts, qualifications and English proficiency test results. Macquarie University reserves the right to refuse documentation on the grounds of incorrect certification or translation procedures. Falsifying documents is a very serious offence which may result in your application for admission being refused by the University.

Who can certify documents?

Documents can be certified by:

• Your current or previous education institution
• A Notary Public (notaries are senior legal practitioners who authenticate, prepare, attest, witness and certify original and copy legal documents for use overseas)
• A representative who is registered with Macquarie University
• A Macquarie University staff member
• A Government official

Translating documents

Documents in your native language must be translated professionally by an accredited translation service or a language professional, and must arrive on the professional letterhead of the translator.

Credit for previous study

If you have studied at a postgraduate level at another tertiary academic institution, you may be eligible for credit towards your degree at Macquarie University. This credit is called ‘credit for previous studies’ and is expressed in the form of Macquarie credit points. To request credit for previous study or credit transfer, you will need to provide documentary evidence of your current or previous studies.

Find out more about credit for previous study at Macquarie: www.international.mq.edu.au/study/apply/postgraduate

Your application for credit for previous study will be assessed only after you qualify for admission into the program of your choice.

Apply early!

Applications close one month prior to the commencement of classes. You can view commencement dates in ‘Important Dates’ on page 1.

Remember that places are limited in all programs, especially popular degrees. It is a good idea to apply at least two to three months before semester begins, in order to avoid disappointment, and to give you enough time to organise your student visa.

Application fee

You will also need to submit a non-refundable payment of AU$110 with your application, in order for it to be assessed. This application fee can be paid by credit card, bank cheque, bank draft or money order only. All instructions are on the application form.

How can I submit my application?

Please submit your application (both the completed form and all relevant and certified documents) by posting it to:

Macquarie International
Macquarie University
Building E3A, Level 1
North Ryde NSW 2109
Australia

Or via email: iso@mq.edu.au

Alternatively, send your application through one of our registered representatives in your own country. To find a registered representative in your country visit www.international.mq.edu.au/representatives

You will receive an email acknowledging receipt of your application after it is received by Macquarie University. You will be notified of the outcome of your application by email.

Step 4
Accept your offer

Your offer letter

If your application is successful, you will receive an offer letter as part of an offer pack, which contains instructions on how to accept your offer, information about Overseas Student Health Cover (OSHC) and Macquarie University’s tuition fee refund policy.

Remember to read all the information in your offer pack very carefully – it includes important information on what steps you need to take next to confirm your place at Macquarie University, and will state if your course has a non-standard commencement date.

Not all programs commence in the February and July intakes. For further information, visit our calendar: www.international.mq.edu.au/study/calendar

Need help with English?

If you don’t meet Macquarie’s English language requirements, you may be given a ‘package offer’. This offer will require you to complete an English course before you commence your Macquarie University program. Located on campus at Macquarie University, the Centre for Macquarie English (CME) offers discipline-specific direct entry English courses. For information see page 53 or visit www.cme.mq.edu.au

To secure a place at Macquarie University, you must accept your offer by the deadline clearly stated in the offer letter, or the offer will lapse. Only after you accept your offer, and receive an electronic Confirmation of Enrolment (eCoE) from us, can you proceed with your visa application process.

To ACCEPT your offer and confirm your place, you need to:

1. Sign and return the ‘Acceptance of Offer’ page that is in your offer letter; and
2. Submit payment of your required commencement fee (as listed in your offer letter) and compulsory
Please note:

1. The fees quoted in your offer are based on current rates for the next available intake. However, there may be some cases where offers are made for a future semester and that semester's fees have not been officially set by Macquarie University at the time of offer. In these cases, you will be provided with estimated fees, and will be liable to pay the fees current at the time that you enrol. Tuition fees are subject to change with each academic year and students will be liable for any increases. For further details about Macquarie University's International Student Fee Policy, visit www.international.mq.edu.au/fee_policy

2. Applicants from Assessment Level 3 and 4 countries must apply for a Pre-Visa Assessment (PVA) after receiving a letter of offer. These applicants must not send payment until they have received their PVA letter from the Australian Embassy. Upon receiving your PVA, please refer to your offer letter for the next steps to accept your offer. For more details on PVA visit the Department of Immigration and Citizenship (DIAC) website www.immi.gov.au/students

### OSHC fees for Worldcare Policies for 2010

<table>
<thead>
<tr>
<th>Duration</th>
<th>Single rate (AUS)</th>
<th>Family rate* (AUS)</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 months</td>
<td>$195</td>
<td>$390</td>
</tr>
<tr>
<td>12 months</td>
<td>$390</td>
<td>$780</td>
</tr>
<tr>
<td>18 months</td>
<td>$585</td>
<td>$1,170</td>
</tr>
<tr>
<td>24 months</td>
<td>$780</td>
<td>$1,560</td>
</tr>
<tr>
<td>30 months</td>
<td>$926</td>
<td>$1,852</td>
</tr>
</tbody>
</table>

* Covers student, partner and dependents under 18 years of age. Students need to pay the OSHC fee current for their year of enrolment (not the year in which they apply). For the latest pricing, and full details on these policies, please visit www.oshcworldcare.com.au

---

### Applying for a student visa

Once Macquarie University has received your ‘Acceptance of Offer’ page, commencement fee payment, OSHC payment and the payment and electronic Confirmation of Enrolment (eCoE) request form, an electronic Confirmation of Enrolment (eCoE) will be issued.

You should then submit the eCoE to the Immigration Office in your nearest Australian overseas diplomatic mission (check www.immi.gov.au), where you can apply for a student visa. Student visas carry certain conditions, for example, international students on student visas must study full time, and cannot change institution within the first year of their programs. To find out more about student visa conditions please refer to the Department of Immigration and Citizenship (DIAC) website www.immi.gov.au/students

---

### Working in Australia

As an international student on a student visa in Australia, you can work up to 20 hours a week, and unlimited hours during university vacation periods. If you were granted a student visa before 26 April 2008, you will need to apply for Permission to Work only after you have started your course in Australia. If you were granted a student visa on or after 26 April 2008, you and your dependent family members will already have Permission to Work automatically included with your visa. www.immi.gov.au

---

### Step 5

**Prepare for your arrival at Macquarie University**

Once you have accepted your offer, you should prepare for your arrival at Macquarie University. Important information on preparing for your arrival is available from Macquarie’s International Student Services (ISS).

- www.international.mq.edu.au/studentservices

- Compulsory orientation and enrolment sessions are held in the week prior to the commencement of classes. It is essential that you arrive in Australia in time to attend these sessions. To find out more about the orientation and enrolment program at Macquarie, visit www.international.mq.edu.au/orientation

- Macquarie has a dedicated Accommodation office for international students, with a range of accommodation options both on and off campus. You can even arrange to be picked up from the airport. To find out more about accommodation and airport pick-up, see page 42 or visit www.international.mq.edu.au/accommodation

- It is highly recommended that you check your unit selection and class timetable options prior to arrival. Check unit and timetable information online at www.handbook.mq.edu.au and www.timetables.mq.edu.au

---

### Students under 18 years of age

Before you are granted a student visa, the Australian Government must be satisfied that you have appropriate accommodation, support and general welfare arrangements in place for the period that you will be in Australia. Macquarie University will accept responsibility for welfare arrangements for international students who are under 18 years of age. For more information on what arrangements need to be in place, visit www.immi.gov.au/students/students/573-1/eligibility-student-18.htm and www.international.mq.edu.au/study/apply/Studentsunder18yearsage

---

### How to pay your Commencement and Overseas Student Health Cover (OSHC) fees

The offer letter lists information on a number of ways to pay your commencement and OSHC fees, two essential fees for entry to Macquarie University.

#### Commencement fee

The commencement fee is a portion of your tuition fee that you need to pay when you accept an offer to study at Macquarie University. The value of the commencement fee you need to pay will be listed on your offer letter. It is usually set at around AUS$12,500 (or as printed on your offer letter). This commencement fee is deducted from your first semester tuition fees (it is not in addition to your tuition fees).

If your first semester’s tuition fees are greater than AUS$12,500, you should be prepared to pay the balance of your fees during your enrolment week.

#### OSHC fees

You will need Overseas Student Health Cover (OSHC), if you will be in Australia on a student class visa. All international students who want to study at Macquarie University and are on a student class visa are required to pay health cover for the entire length of their program. Students are free to choose their own health cover provider but Macquarie University’s preferred provider is OSHC Worldcare, who has arranged a special package and price for international students.
**Award**
A degree, diploma, associate diploma or certificate of the University granted at the completion of a course of study.

**Credit point**
Each unit of study is worth a specified number of credit points. The credit point value of a unit reflects the amount of work required in the unit. Each credit point in a half-year unit would indicate that a student should expect to spend about three hours each week on that unit (including class contact hours). Therefore, a three-credit point subject would equate to nine hours of study per week.

**Degree**
The first degree a student enrols for is a Bachelor degree. Most Australian Bachelor degrees take three years of full-time study to complete. An Honours degree is awarded to meritorious students who have completed an extra year of full-time study following their Bachelor degree. A higher degree or Postgraduate degree is undertaken by those who have already completed a Bachelor degree or Bachelor with Honours degree.

**Faculties**
For academic purposes, Macquarie University is structured by faculties, which are: Faculty of Arts, Faculty of Business and Economics, Faculty of Human Sciences and Faculty of Science.

**Grade Point Average (GPA)**
A GPA is a calculation which reflects the overall quality of a student’s grades throughout their course, and is printed on their academic record. A GPA of 4, for example, would indicate that all of a student’s grades have been distinction or high distinction grades.

**Honours**
Completing a degree ‘with Honours’ usually means an extra year of study. Acceptance into an Honours program is based on academic achievement while at University, or acceptance into a degree with an integrated Honours program.

**Offer letters**
- **A Full Offer**
  This provides you with a full offer, and allows entry in the next available intake for the program you have selected. No further conditions need to be satisfied. Sometimes alternative programs are suggested if you do not meet entry requirements of the program/s that you applied for.

- **A Conditional Offer**
  This offer outlines the conditions that need to be satisfied in order for you to be offered a place in your selected program. Evidence must be shown that you have met the conditions before a full offer can be issued. Macquarie University will also check quota on the selected program before a full offer can be made.

- **A Package Offer**
  This offer requires that you complete an English language program or another preliminary program before commencing your degree. You must accept the entire package by the deadline stated in the offer letter. Please note: If you choose to re-take an English test and meet the Macquarie University English language requirements you will need to re-submit your test. Macquarie University will issue a FULL offer provided places are still available.

**Postgraduate**
Any course of academic study higher than a Bachelor degree is a postgraduate course. A student of such a course is a postgraduate student.

**Prerequisite**
A unit of study which must be completed, or a requirement which must be satisfied, before a student is able to enrol in a particular unit.

**Semester**
One of two periods of study within the academic year.

**Testamur**
Your testamur is the official document with the University’s seal on it which certifies that you have been awarded your degree or diploma.

**Transcript**
Your academic transcript is the official and certified version of your academic record. This is the copy you would show to prospective employers or to other educational institutions.

**Undergraduate**
Undergraduate education is post-secondary education up to the level of a Bachelor degree.

**Unit of Study**
A program of study is made up of a number of units of study (generally referred to as units and informally called subjects).
Complete this form if you are applying for a full-time course at Macquarie University, Sydney as an international student. A non-refundable application fee of AUD 110 must be paid when you submit this form. Please complete all sections of the form clearly, using BLOCK LETTERS and a blue or black ballpoint pen.

Use this application form if:
• you are an international student applying for an undergraduate degree
• you are an international student applying for a postgraduate coursework degree (see exceptions at right)

You will need a different form for:
• Master of Applied Finance
• Master of Business Administration or other programs offered by the Macquarie Graduate School of Management (MGSM)
• Master of Clinical Psychology (a supplementary form and referee report form is available at the website below)
• Postgraduate research degrees
• Macquarie City Campus programs
• Online or distance study programs
• Citizens of Australia or New Zealand, or holders of Australian permanent residency visas

For more information and other application forms visit www.international.mq.edu.au/quickmenu/application_forms

Section A: Your details

Have you previously applied to Macquarie University OR have you been a Macquarie University student?
No [ ] Yes [ ] If yes, student number: __________

Macquarie University will contact you by email, post, telephone and/or SMS, to provide you with information relevant to your application as well as relevant news, coming events, and enrolment and orientation activities. To avoid delays in processing your application, it is important that you complete ALL of your details including your email address.

Title: Mr [ ] Mrs [ ] Ms [ ] Miss [ ]
Gender: Male [ ] Female [ ]

Family Name: ____________________________ Given Names: ____________________________ Date of Birth: ____________________________

Please note: Your date of birth MUST be written with the day first, followed by the month and year.

Applicant home country address (compulsory)
These are your permanent contact details in your home country. It is compulsory to complete ALL the fields below including your email, phone and mobile number.

Street address: ____________________________ City: ____________________________ Postcode: ____________________________ Country: ____________________________

Tel: ____________________________ Mobile: ____________________________ Email: ____________________________

Country of citizenship: ____________________________ Country of birth: ____________________________

What is the main language spoken at home?
______________________________

Do you already hold a current visa to be in Australia?
No [ ] Yes [ ] If yes, visa type? ____________________________ Expiry date? ____________________________

If you apply through a representative, you should ensure that your representative is registered with Macquarie University to avoid delays in your application. For details of representatives in your country visit www.international.mq.edu.au/representatives

Applicant contact address (if applicable)
These details must be different to the home country address provided to the left. If same, please leave this section blank.

Name: ____________________________ Street address: ____________________________

City: ____________________________ Postcode: ____________________________ Country: ____________________________

Tel: ____________________________ Fax: ____________________________ Email: ____________________________

Representative Stamp/Address: ____________________________
Section B: Previous academic qualifications
In this section, you need to include details of your previous academic qualifications, including dates of completion or, if you are yet to finish your study, your intended completion date. Refer to the Macquarie University international student guide or check the Macquarie International website www.international.mq.edu.au for course requirements or prerequisites. Certified copies and official translations of academic transcripts must be attached to this application. Visit www.international.mq.edu.au/certify to check who can certify and translate your documents.

Please list most recent qualifications first (including courses that you are yet to complete)

<table>

Section C: English language proficiency
Macquarie University has minimum English proficiency requirements and some courses have higher English proficiency requirements. For more information on meeting these requirements, please visit www.international.mq.edu.au/study/apply/english

Please attach evidence of your English language proficiency if required.

If you do not meet the English proficiency requirements, you may be eligible for a Package Offer, which includes an appropriate amount of English study at the Centre for Macquarie English (or another approved ELICOS provider) before you start your degree program.

Section D: Degree preferences
Before completing this section, you should refer to this Guide or check the Macquarie International website www.international.mq.edu.au/study for degree names, codes, locations and commencement dates. Choose three degrees you would like to study and list them in order of preference (your first choice should be placed first). If you do not meet the entry requirements for your first preference, you will be considered for your second and then third preferences. Undergraduate applicants who do not meet the entry requirements for any of their preferences will be automatically considered for a pathway program through Sydney Institute of Business and Technology (SIBT).

Section E: Credit for previous study
If you have studied at another academic institution, you may be eligible for credit towards your degree at Macquarie University.

To request credit for previous study or credit transfer, you will need to provide documentary evidence of your current or previous studies. Certified copies and official translations of relevant documents must be attached to this application. For more information on credit for previous study, please visit www.international.mq.edu.au/cps

Are you seeking credit for previous studies?  No  Yes  

Your letter of offer will contain further information on general credit for previous study and course exemptions.

Section F: Employment history (for postgraduate applicants where applicable)
In this section, you should provide details of any work experience that is relevant to your application. Refer to the Macquarie University international student guide or the Macquarie International website www.international.mq.edu.au/study to check if your course has specific work experience requirements.

Expiry Date: __________/________

These are the last 3 digits on the back of your card in the signature box.
Section I: Privacy and student declaration

Privacy statement
Macquarie University is subject to the Privacy and Personal Information Protection Act PPIPA 1998 (NSW). The University has produced a Privacy Management Plan. For more information on Macquarie University's privacy policy, Privacy Management Plan and Code of Practice visit www.international.mq.edu.au/privacy

Declaration
I wish to be considered for enrolment as an international student in a course at Macquarie University and declare that the information submitted is correct and complete. I have read and consent to the University's Freedom of Information Policy, as set out at www.ras.mq.edu.au/documents/mufoipolicystatement.pdf. I understand the University may obtain official records from any school, university or other tertiary institution previously attended by me for the purpose of verification of my supporting documents. All documents submitted become the property of the University and will not be returned. I understand that the University reserves the right to vary or reverse any decision made on the basis of incorrect or incomplete information or fraudulent documentation. I recognise that it is an offence to submit fraudulent documentation in support of an application for the purpose of gaining admission to the University. Where fraudulent documents are detected, I understand that my application will be rejected. If an offer has been made, it will be withdrawn. If a visa has been issued, the Department of Immigration and Citizenship (DIAC) will be notified. All matters concerning fraudulent documentation will be reported to the relevant Government and statutory authorities, including NSW Police, Department of Immigration and Citizenship (DIAC) and Independent Commission Against Corruption (ICAC). I authorise the University to release any personal information held about me to any other educational institution or authority to verify my student conduct, academic record or supporting documentation for the purpose of determining my eligibility for admission to the University. I hereby give the University permission to provide my address and details of enrolment to the Department of Immigration and Citizenship (DIAC) and the Department of Education, Employment and Workplace Relations (DEEWR), should I enrol at Macquarie University. I am able to make appropriate arrangements to fund my studies. I have read and understood the University's tuition fee refund policy and conditions set out at www.international.mq.edu.au/fee_policy.

I agree to comply with Macquarie University's rules of admission and enrolment. I agree to tell the University immediately if there is any change to the information I have given in this application.

Please complete the following checklist before submitting
Please tick each box to indicate that each item has been completed, or attached, as appropriate:

- Attach certified copies or original evidence of all academic qualifications, including transcripts and graduation certificates (Section B)
- Attach certified copies or original evidence of English language proficiency (Section C)
- Attach copy of passport
- If necessary, attach any other additional information or portfolios (see the entry requirements for the degree you are applying for)
- Pay application fee AU$110 (Section G)
- Sign declaration on the application form

Signature: X

Date: [ ] [ ] [ ] [ ] [ ] [ ] [ ]

Unsigned applications will NOT be processed. Applications must be signed by the applicant personally. Third parties must not sign on the applicant's behalf.

Send your application to:
